Additional Data: The Wetumpka Presbyterian Church is beautifully located. The women have recently restored and beautified the church for the Centenary Celebration held there in 1936. It is also pleasing to note that when they undertook to restore the interior of their building they had the good taste to preserve all of the old architectural features and lighting fixtures that had been placed there by their fathers back in the late "Fifties". The beautiful brass chandeliers and lamps had been brought from New York, by Mr. A. G. Campbell and are now wired for electricity and will light his descendants for another generation.
